Animal Information

Species of animal to be transported (list all):

Number of Animals in Shipment:

Transfers of specific-pathogen-free rodents must have prior approval from the AEC Veterinary Staff and the vivarium manager.
Transport of USDA-covered species requires inspection of the vehicle. Contact AEC Veterinary Staff or the AEC IACUC to arrange inspection.

Hazard Information: IF ANY ITEMS ARE CHECKED, LIST THE HAZARD AND CARRY APPROVED HAZARD TRANSPORT SOP

Animals inoculated, infected or treated with project-specific hazardous infectious agent, chemical or radiation hazards require an agent/hazard-specific transportation SOP approved by the AEC IACUC, AEC Institutional Biosafety Committee and/or AEC Radiation Safety Office. SOP approval must be obtained prior to transport and must comply with local, federal and state regulations for the transportation of hazardous materials.

☐ The animals have **NO** known infectious agent, chemical or radiation hazard

☐ The animals have been treated with a chemical or pharmacological hazard

☐ The animals have been infected with a hazardous microorganism (bacteria, virus, or parasite) The
